

Application No. 10/776092

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1-15. (canceled)

16. (currently amended) A method of washing a vehicle utilizing a gantry style vehicle wash system, ~~a vehicle wash including (i) an application of a presoak solution to substantially cover the front, rear, side and top surfaces of a vehicle and (ii) a wash cycle to rinse substantially all of the front, rear, top and side surfaces with a high pressure cleaning solution, wherein the gantry is moveable from a forward position in front of a vehicle to a rear position that is behind the vehicle, the movement of the gantry over and around along the vehicle from either a forward or rear position to the other position defining a pass, the method comprising washing a vehicle in three or fewer passes~~ the steps of applying a presoak solution to the vehicle in one pass then simultaneously applying a clear-coat solution and a spot-free rinse solution in a subsequent pass.

17-56. (canceled)

57. (new) The method of claim 16 further including the step of applying no solutions to the vehicle in a dwell pass between said one pass and said subsequent pass.

58. (new) The method of claim 57 further including the step of applying a cleaning solution to said vehicle in a cleaning pass after said dwell pass and before said subsequent pass.
